LORENZO MELIS

Junior Full-Stack Developer

PROFESSIONAL PROFILE

I am a junior full-stack developer with a degree in Computer Engineering and a passion for technology and creative solutions. I completed the EPICODE programme, building applications with Java, Spring Boot, React and PostgreSQL.

I bring over six years of experience in cybersecurity and enterprise IT. I am looking for a team where I can contribute to real projects, explore new ideas and become more autonomous while learning from experienced colleagues.

FEATURED PROJECT

VinylDex | EPICODE capstone
Online collectible card game

Java · Spring Boot · React · PostgreSQL
WebSocket · Docker

• Developed REST APIs, data persistence and server-side logic for card draws, trading and battles; integrated a pixel-art hotel with real-time updates via WebSocket.

• Implemented JWT, authorisation and two-factor authentication. Integrated unit, integration and end-to-end tests, CI with GitHub Actions and Docker Compose deployment.

WORK EXPERIENCE

Senior Cyber Security Consultant
Protiviti | Rome · Sep 2025 - Apr 2026

Supported financial and aerospace clients on ICT risk and DORA, supplier security controls and audits, remediation and PMO activities.

Cyber Security Consultant
KPMG Advisory | Rome · Mar - Jun 2025

Analysed security policies and risks; contributed to vulnerability assessments, IAM/IAG reviews, business continuity, disaster recovery and DORA/PCI-DSS controls.

Cyber Security Analyst / Specialist / Consultant
Cybertech - Engineering | Rome · May 2019 - Dec 2024

Analysed SIEM events and logs and handled incidents. Worked on Azure, IAM/PAM, DLP, Microsoft Defender, security integrations and reporting with IT and operations teams.

EDUCATION AND TRAINING

AI Full-Stack Developer | EPICODE
May - Oct 2026

Web development, Java, relational databases, REST APIs, authentication and application integration. Exercises, weekly projects and capstone on GitHub.

Bachelor's Degree in Computer Engineering L-08
Mercatorum University | 2023 - 2026 · **105/110**

Master in Networks and Information Systems
ELIS College, Rome | 2018 - 2019

Linguistic High School Diploma
Liceo Linguistico G. De Sanctis | 2016

I authorise the processing of my personal data under Italian Legislative Decree 196/2003 and EU Regulation 2016/679 (GDPR).
